Mr. Clay's Family.

MRS. CLAY, is now 71 years of age, and although her health is feeble, has the appearance of a lady of 50. Her name was Lucretia Hart, and her native place, Lexington. Mr. CLAY married her shortly after he came to Lexington, from his native State, Virginia. By her he has had eleven children, three of whom died in childhood.

ELIZA CLAY died suddenly in 1824, while on the way to Washington in company with her father. Her age was about sixteen.—Another daughter, Mrs. DUBALE, of New Orleans, died about the same time. In 1835, another and the only remaining daughter, the wife of JAS. ERWIN, of New Orleans, died also.

Of the eleven children, only four now live, HENRY CLAY, JR., having fallen at the battle of Buena Vista. His body is interred in the family lot at Lexington.

THEO. WYTHE CLAY, who has been a lunatic since his boyhood, is near fifty years of age, being the eldest son. His recovery is hopeless. His lunacy is characterized by melancholy, with occasional fits of violence.

THOS. HART CLAY, is the proprietor of Mansfield, a fine estate near Lexington, and devotes himself for the most part to the cultivation of hemp. His age is 42.

JAS. B. CLAY, aged 30, is also a farmer, and owns a large estate near St. Louis, Mo., where he has a large dairy, and is engaged extensively in rearing stock.

JOHN CLAY, the youngest, is 28 years of age, and resides at home, managing the farm, and devoting a portion of his time to the profession of the law. In appearance he resembles his father more than any of the other sons. His features are similar, his hair has the same dry, sandy appearance, and hangs about his features in the same careless manner.

All the sons are highly intellectual in appearance, but none of them have yet given promise of future greatness.

Of the 35 slaves owned by Mr. CLAY, Abraham, the groomsman, is the oldest, being near sixty. Adams, the gardener, is 55 years of age. Thornton, Mr. CLAY's body servant, received from the hands of his master his free papers, but never left him, even after death, until the corpse was placed in the tomb.—*N. Y. Tribune.*

NATIONAL FREE DEMOCRATIC CONVENTION.

Notice is hereby given, that a National Convention, consisting of Delegates of the Free Democracy, will assemble at the city of Pittsburgh, on Wednesday, the 11th day of August next, at noon, for the purpose of selecting candidates for the offices of President and Vice-President of the United States. Friends of the principles declared at Buffalo, at the memorable Convention of August, 1848, are requested, within their respective States and Congressional Districts, to meet and elect Delegates, wherever the same has not already been done—each State being entitled to three times the number of its delegation in the Congress of the United States.

By order of the General Free Soil Committee.
SAMUEL LEWIS, Chairman.
Washington, June 19, 1852.

The Ball Rolling.

The Independent Democratic Association of the District of Columbia have issued a stirring address to the Independent Democracy of the United States, repudiating the Baltimore Platform and its nominees, endorsing the Massachusetts Resolutions, including Land Reform and Intervention, and recommending a general rally of Democrats to the Pittsburgh Convention. We hope to find room for it.

KENTUCKY. The Free Soilers in Kentucky are moving. The largest political meeting ever held in the county was held in Richmond, Madison Co., Ky., June 7th. Strong Free Soil resolutions were adopted in favor of Free Soil, the right of all to a home, the legal rights of women, &c. Cassius M. Clay made a very able speech—a Corresponding Committee of eight was appointed, and fifteen delegates were chosen to attend the National Free Soil Convention.—The meeting recommended a permanent State and National organization. A Free Soil electoral ticket will be run in Kentucky.

A meeting was held at Pittsburgh on the 3d inst., at which delegates were appointed to the National Convention, and also a committee to make suitable arrangements for the Convention.

Independent Democratic Conventions are being held all over the Free States to organize and appoint delegates to Pittsburgh.

The Vermont Independent Democratic State Convention numbered three hundred, and was very unanimous and enthusiastic.

Rhode Island has held a State Convention, and chosen delegates to the Pittsburgh Convention.

Our State Convention at Waukesha was attended by about 150. Eighty five delegates were enrolled in the morning, and it was judged by those present that as many more were in attendance in the afternoon. This, for a meeting merely to appoint delegates to Pittsburgh, was a goodly number, at this season of the year.

WINNEBAGO COUNTY CONVENTION. The Independent Democracy of this county are to meet at Omro the 30th inst. The editor of the Oshkosh *Democrat* says he shall be present, shall not oppose its action nationally—thinks it right, &c; will speak if they will let him, but opposes any state and county separate organization. We don't see any good to come from any further adherence to the old parties. They are utterly soulless, and dead. The men who control these parties have compelled them to give up every generous and human principle, and go in for eternal slavery. And the leaders in this state are as base as the basest in their subserviency to the slave power. There is no hope of their reformation. They have done all they could to corrupt the people, and lead them to renounce Free Soil principles.—Just think of A. L. Collins, who hesitated a long time in '48, whether to come out for Van Buren and Free Soil, or go for Taylor; and it is said had gone so far as to write his repudiation of the "Slaughter House" convention and candidates, gone over body and soul to Daniel Webster and the Fugitive Slave Law, and voted for them through thick and thin! What can the cause of Freedom hope for from such men? And the Democratic presses and orators, nearly all for Free Soil four years ago, are now rabid for the Slave Platform. No, it is time to give up all hopes of help to Freedom from the Hunker organizations. Whoever trusts them leans on a broken reed. They have brought the country to its present abasement before the Slave Power. To entrust them with further authority is to betray the cause of true Democracy. The Independent Democracy must take their stand on the side of Freedom, and the Compromise Democracy on the side of Slavery. There can be no just union between them.

Half Price to the Pittsburgh Convention.

We have before announced, that the Michigan Central Railroad Company have offered to take all the delegates from this State to the Pittsburgh Convention, to Cleveland and back for half price—$7 50. We are now enabled to state that our friends at Cleveland, have made arrangements to have us carried from Cleveland to Pittsburgh and back for half price—$4 00. So that the far from here to Pittsburgh and back will be but $11 50.

If any who are appointed as principals, cannot attend, we wish them to write us at once, and let us know. And if any not appointed can go, they are requested to let us know it. There ought to be fifty delegates from this State to Pittsburgh. It will be one of the greatest and most important meetings ever held in this country. The boats leave here at 7 o'clock P. M., and it will take from two to three days to reach Pittsburgh. Our friends can start from any point on the Lake shore they choose.

A NEW GERMAN PAPER.—Mr. A. Roesler is to commence a German campaign paper, the first week in August to be published for 75 cents single, 10 copies for $6 00, 25 do. for $12 50, and 50 do. for $20 00. It is to support Scott and Free Soil! just as rum-sellers support the Temperance cause by multiplying the number of drunkards. We have no more doubt of Mr. Roesler's sincerity than we have of Saul's, when he was on his way to Damascus to extirpate the christians.

☞ A. W. Randall—we are sure we don't mistake the author—writes to the *News* that about forty took part in the Waukesha Convention as delegates. That's quite liberal. Just before we left the depot, Mr. Elmore informed a friend that the Hunkers were circulating the lie, that but thirty were present. But Mr. Randall makes up the omisson by interpolating something into his speech which he didn't say. He simply said in reply to Mr. Safford, that he was not a delegate to the Utica Convention, but was merely a spectator, that he had not changed his views since 1848, and that he hoped the Convention, before it adjourned, would pass a resolution in favor of Pierce and King.—We thought of the high-toned moral speech he made at the Durkee Festival in '48. Alas, how fallen!

PRIVATE LETTER—A friend informs us that the editor of the Waukesha *Democrat* has a *private* letter from us, written to him when he first took charge of that paper, which it is suggested he might publish to our injury. Out with it in full. No threats—put it in type—only give us leave to verify the letter. We are not ashamed of any letter we write to politicians, however private. We havn't two sets of opinions—one for the public and another for private circles. So blaze away.

The *Democrat* also threatens to publish part of our article on the Death of Henry Clay. Great granny! Didn't *we* publish it! And shan't we feel *awfully* to have our own articles republished, and credited to us?

☞ A Kentucky editor and publisher, notifies his neighbors that he will insert their advertisements and do their job printing, taking his pay after the election of Gen. Scott.

Just make it *before* his election and we will do the same.

ARRIVAL OF THE MICHIGAN.—The U. S. steamer Michigan, Capt. Bigelow, arrived in port Saturday evening, ran up the river, and "laid to" opposite Dousman's Warehouse, where she still remains. She was thronged with visitors all day yesterday. She will leave here one week from to-day. During her stay the officers will be pleased with a visit from all who have the curiosity to examine the steamer. She is manned with 16 officers and 80 privates.

☞ The La Crosse *Times*, of June 24th, is the latest he can afford us. Why, Mr. Antediluvian, we have had a great many bushels of new papers grow aged while your paper has been on the way. Better hurry up that Railroad.

☞ We have received from Hon. Henry Bennett, of New York, a copy of his speech on his bill to give away some 30 million acres of the Public Lands to Railroad Companies, and ever so many millions of acres more to the States for such purposes as they choose to apply them to. We hope it won't pass.

☞ L. A. Hine, Esq., is on his way to this State, where he will lecture upon the subject of Land Reform, and Common school education.

We welcome him heartily to this field of labor. He spoke at Chicago last Friday evening, on the right of all men to homes.

He also lectured on Saturday evening and on Sabbath afternoon and evening.

☞ The Oshkosh *Democrat* is the most manly old line paper in our State. It publishes the Walworth county resolutions and gives the Free Soil side as well as the Hunker side of politics. We think it errs in asking Free Soilers to vote for Pierce, but human *nater* is a queer production.

☞ The Racine Co. *Democrat* says that the crops in that section look finely, wheat not rusted and no potato rot.

☞ The harbor bill against which Gen. Pierce voted contained an appropriation of $400 for the survey of Milwaukee River.

For the Free Democrat.

Biographical Catechism.

Dr. Zigzag, *alias* Utter, editor of the *Star*, says in a recent number of his paper, that he came within a few votes of being nominated as a candidate for Register, at the first Free Soil convention for making county nominations in Walworth county; and would have it inferred, that he very modestly and patriotically declined for the benefit of a better man—Mr. E. K. Frost. Now, since he has "broached the subject," it may not be impertinent to inquire of the Doctor, whether the fifty dollars, about those days, paid by the said Frost, to him, was the agreed consideration, to be paid for the said exhibition of "modesty and patriotism," on the part of the Doctor; or, whether it was, in fact, but a dividend on the two hundred dollars "*black mail*," levied by Zigzag on the Free Soil candidates of that year, as a token of the respect, which they were required to manifest, for his sacrifices and labors in behalf of—himself! And while my hand is in, I may as well crave your permission to ask the "*conscientious*" Doctor, whether the recent refusal of Free Soil candidates to recognize the entire legality of his annual "*black mail*" assessments, for services to them redeemed "over the left," had any influence in producing his "hegira" to Hunkerdom? And, since it's no secret, if it will not be deemed too inquisitive, to ask the Doctor if he was duly informed of the declaration made by a prominent democrat of Walworth county, (on learning, some time before the catastrophe happened, that the Doctor was about to thrust himself upon them,) that he believed the the party were able to raise fifty dollars to hire him to stay where he was, and they had better do it!—And, as one question leads to another, whether, if the Doctor had given time to the party to have "made up the purse," he would not, on the whole, have made more money, and suffered a less loss on the score of self-respect? ANON.

☞ Gov. Kossuth's financial matters are all settled.

☞ Daniel Webster has made an improvement upon "fuss and feathers." When he heard of the nomination of Scott and Graham, (from North Carolina,) he said it was tar and feathers.—*Ex. paper.*

Of course the nominees will stick together.

☞ The Hon. Salmon P. Chase, Senator from Ohio, is a brother of Bishop Chase of Claremont, formerly of Hopkinton, and married a niece of Judge McLean, of the Supreme Court.

☞ A new romance "founded on fiction," to be entitled "The Life, Battles and Hair-breadth Escapes of Gen. Franklin Pierce," by Nathaniel Hawthorne, is soon to be published.

Drowned.—As a man named Pottinger was crossing the river, near the Tobacco Factory, in a yawl boat, he came in contact with a rope that was stretched across the river, which knocked him overboard. He came up once, when two men started to rescue him, but he went down before any assistance could be rendered. He was a ship carpenter.—*Racine Dem.*

Board of Public Works.—They had a session this week. Present Messrs. Prame and Proudfit.

It passed a resolution directing the Secretary to give notice to settlers on Indian Lands belonging to the State that they could take out Pre-emptions.

The Engineer's office was removed from Green Bay here.

Rev. Mr. Callahan was appointed Assistant Engineer.

It adjourned to the first Tuesday in August.—*Oshkosh Democrat.*

The Improvement.—We learn from members of the Board that contractors below are preparing to commence work.

It is said that the Governor will direct the issuing of the Scrip, in pursuance of the law of last winter—that he has selected the balance of the lands of the Grant, and forwarded the list to the President for approval.—*Ib.*

We are told, by what is considered good authority, that the Menasha and Manitowoc Plank Road Company has negotiated its bonds and procured a stock of goods of $5000, and arrangements for $1000 in *cash* per mile, as fast as the Road is finished, the first installment of which has been paid, as one mile of the Road from Manitowoc west has been completed.—*Ib.*

WALWORTH RESOLUTIONS.—In an editorial correspondence to this paper, a Ratification Meeting Call, for the 6th inst., at Elkhorn, was noticed. It was called by, and addressed to both wings of the Party.

At the meeting it was found that the Free Soil wing overwhelmingly outnumbered the other, and the Hunkers, though requested, refused to sit with them.

The Free Democrats held their meeting in the Court House, and the Old Liners out of doors.

The principal resolutions of the meeting held at the appointed place, we publish this week.

The *Star*, as we intimated, has come out openly for Pierce and King. In doing this, Dr. Utter is generally charged with cupidity. There must be some truth in the charge, for it makes him almost beside himself with anger. It has resulted, however, in causing the most racy number of his paper, that has appeared for four years. The last number has two columns devoted to us, in which he calls us liars, blockheads, &c., two columns devoted to the *Free Democrat*, and another one to defending his course. For the first time since we have known it, he has really made a spicy, readable paper. We are really sorry, Doctor, however, that the truth so hurts you. When you play Judas again, do it a little more adroitly.—*Oshkosh Dem.*

☞ The Green Bay Advocate speaks just as a Free Soil apostate naturally would, of our Governor, as "the renegade Farwell." It is thought the Governor will survive this attack.

There are now but eight miles staging between Philadelphia and Pittsburgh.

☞ Mr. Baltimore *Times*, we like you.

WILMOT.—Hon. David Wilmot lately made a speech at Coudersport, Pa., of which the *People's Journal* gives an account: "The speaker dissented in toto from some of the principles of the Pierce convention, but should support the nominees of that Convention, because he hated the Whigs so badly. He admitted that there was an appearance of inconsistency; but he had always been a regular Democrat at home, and warned persons not to be too hasty in imputing wrong motives to the radicals who concluded to support the regular nominees. He said they were only waiting for a favorable opportunity to strike a decisive blow at the organized slave power; that in his opinion, this election was not the time; but he was sure the time would come."

☞ The Ohio Whig State Convention, nominated D. A. Haynes for Supreme Judge; D. H. Beardsley of Cleveland, for the Board of Public Works; E. D. Mansfield, Senatorial Elector; Wm. Dennison, second do.—District Electors were chosen from the 21 Districts, when the Convention adjourned.

Humphrey Marshall is pressing hard for the Judge's seat vacated by the death of Judge McKinley.

THE TRUTH.—An old citizen of Walworth county writes to the Kenosha *Telegraph* in regard to the Free Demecratic meeting there, that "the meeting was composed entirely of Democrats who will go for Pierce and King, and of Whigs who will go for Scott and the Southern Platform. There might have been a dozen looking on, who will finally vote for the slavery candidate, but that is all.

'During a long residence in Walworth county, I never saw so early in the campaign, such a spirit of resistance to the intolerable insolence of party, as is now manifested by the people of both parties against the platforms in defence of slavery, which are attempted to be crowded down the throats of the people by the two great parties predestined to damnation.

"Walworth county will give a greater vote for Freedom, in November, than she ever gave; the lies of Father Utter to the contrary, notwithstanding."

☞ The Oshkosh *Democrat* publishes the resolutions of the Massachusetts Free Soil Convention, and comments upon them as follows:

"We publish in another column the Platform of Principles put forth by the Massachusetts Free Democracy. This is the best proclamation of principles, in our view, ever put forth by a National political convention. The Democratic party will yet have to adopt it, and we hope the day is not far distant.—If the Pittsburgh Convention adopts it, it will add a tower of strength to the movement."

☞ The ladies of Green Bay presented a beautiful Bible to the Division of the Sons of Temperance, in that place, on Thursday last, after which an address was delivered by Mr. S. D. Hastings, of Geneva.

☞ The friends of Freedom in Winnebago county hold a meeting at Omro, on the 30th inst., for the purpose of organizing themselves for the campaign.

Rome, July 23—1½ P. M.—*Great fire in the woods.*—A fire has been raging for the last few days 6 or 8 miles west of this place, hundreds of acres of land commonly known as the Pine Plains has been burnt, and the fire is still on the increase. Nothing but heavy rains can possibly quench the flame, and should it not come soon the damage will be immense.

Already much valuable fine timber has been destroyed and several hundred cords of wood and bark prepared for the market purposely. The country four miles around is completely enveloped in smoke, the woods 3 miles south of Canojaharie are also on fire.

A heavy wind is blowing and the flames are rapidly increasing, fears are entertained that many dwelling houses in the vicinity will be consumed.

COMMERCIAL.

DAILY FREE DEMOCRAT OFFICE, }
JULY 23, 1852. }

Receipts of Grain for the past week have been very light, farmers generally having been busily engaged in harvesting their grain. For this business the weather has been more than commonly auspicious. From every part of the State we receive the most encouraging reports relative to the wheat crop. We have not heard of a single complaint of injury by the rust. The influence of the flattering reports is already visible in various departments of trade,—merchants, mechanics and speculators are inspired with fresh courage and new hope for the future. The farmers have ample reasons to rejoice, that they are at last favored with a good wheat crop, after it has partially failed for three consecutive years.

Oats, Corn, and even Potatoes, (a crop which no one has placed any dependence on of late,) in many instances bid fair to bring forth a heavy yield.

The wheat crop of Western New York is said to be below an average crop. In Michigan it is fair.

Dry weather has injured the crops in Minnesota very materially.

The M. & M. R. R. is progressing finely, and is now in running order to Palmyra, Jeff. co., and will soon be completed to Whitewater, Wal. co.

We rejoice also that there is at last some evidence presented that the R. R. V. W. R. R. will be built. We regard this as an important enterprise, which will add much to the interest and wealth of the State.

LOCAL INTELLIGENCE.

THE BAKER FAMILY. The Bakers, six in number, four male and two female voices, give but one concert in this city—to-night, at Gardiner's Hall. They are not Italian singers, and do not grimace, look silly, and cut all sorts of aerial figures in trying to tear a passion to tatters, but they are well bred New Englanders, who wed music to sentiment, and whose simple, touching melodies, having their inspiration in the heart, reach the hearts of the audience. Their style of singing is more like that of the Hutchinsons, in their palmiest days, than any other troupe we have heard. We can cheerfully commend them to public patronage. See their advertisement. Goff will be on hand as usual, and Emery will be prepared to do full justice to his well earned reputation.

☞ The regular meeting of the "Ladies' Education Society of Milwaukee," will be held in the lecture room of the Plymouth Church, on Tuesday the 27th inst., at 3 o'clock, P. M.

A general attendance of members and other ladies, is requested.

M. A. JACKSON, *Sec'y.*

Walworth County, July 24th.

MR. EDITOR.—The Dr. says he is going to be just as good a Free Soiler as he ever was. [And he proves it by trying to discredit all his acts as a Free Soiler. ED.] Well, perhaps he will. But he can't be a good Free Soiler and support Pierce, because he has deliberately put a pad lock on his lips on the question of slavery, in accepting Pierce and the platform, and he can't be a Free Soiler unless he *agitates* the subject of slavery, which he has promised not to do, in the very act of supporting Hunkerism. Oh, what shifts and subterfuges men will seek to hide themselves from the reproaches of their own galled consciences, when once they step aside from the path of goodness into the path of evil! After all, friend Booth, the Dr. is to be pitied, as every man is who yields to too strong temptation, and commits sin and pursues transgression. The Dr. knows, in his inmost soul, that good men despise him, and his new friends have no confidence in him. What a position for a MAN to occupy. But no—no MAN will take such a position. Poor human nature, overcome of the devil, not having grace to resist him, sometimes falls into grievous error, and is an object of pity to all good intelligences. For my part, I have it not in my heart to abuse the poor old fallen man, unfaithful he among the faithful.

Later from California—Sonora in Ashes—Estimate Loss Two Million Dollars—Crime in California—Great Arrival of Gold.

NEW YORK, July 22.

The steamship Pioneer has arrived from Panama via Cape Horn, on the 12th of July.

She brings 438 passengers and $244,000 in specie.

The El Dorado, which sailed from Aspinwall on the 14th, has the mail and 400 passengers. The steamer was detained at quarantine—15 died.

The Pampero had arrived at Aspinwall with several eminent persons on board, bound for the United States. There were still more cases of cholera on the Isthmus. The Golden Gate arrived at Panama on the 11th. The Columbia was to leave San Francisco on the 1st with the mails. The baggage of Gov. Purdy, Major Sibley, and others, was robbed at Cruses of a large amount of gold, letters and other valuables.

On the 18th, the city of Sonora was burned down. All that is left is a few scattering buildings on the outskirts. The county records and safes of all the Banking Houses were saved secure. The loss is estimated at $2,000,000 Murders, robberies, and all sorts of villainies abound.

☞ IMMENSE SALE.—It has long ceased to be fashionable to "puff" patent medicines, or do anything to enhance their sale; not from any particular prejudice that has arisen in the public mind against them, but simply from the worthlessness of nearly all the great remedies crowded into the market. But occasionally a medicine that possesses real merit is brought into light—one that is really what it purports to be. Of this class, Sloan's preparations can be ranked with safety, for we have heard of no instance where his medicines have been tried, but that the fullest satisfaction has been given, and their immense sale will fully attest their popularity.—*Freeport Journal, Ill., Dec. 5th 1849.*

TO MILWAUKEE BUSINESS MEN AND ADVERTISERS.

THE "OSHKOSH DEMOCRAT," presents to business men a better medium of advertising, than any other country paper in the State. The weekly edition is 1000—41 quires—larger than that of *any* other in the State, and *twice* as large as more than half the others. It is sent regularly to *every village and post office* on Fox and Wolf rivers, and Lake Winnebago, from Green Bay to Fort Winnebago, and from Fond du Lac to Lake Shawno, and Stephens' Point on the Wisconsin, and circulates extensively in Fond du Lac, Dodge, Columbia, Marquette, Portage, Waushara, Waupaca, Outagamie, Brown and Calumet counties; and to *every* precinct in its own (Winnebago) county.

☞ What is said here of its circulation and comparative merits, as an advertising medium, is susceptible of *positive* demonstration to all who may desire it.

☞ The patronage of Business Men and Advertisers is respectfully solicited. GEORGE BURNSIDE & CO.

SLOAN'S LIFE SYRUP

IS altogether superior to any Medicine heretofore discovered for the rapid cure of *Colds, Coughs, Influenza, Hoarseness, Whooping Cough, Croup, Bronchitis, Catarrh, Asthma, Dyspepsia, Liver Complaint, Incipient Consumption,* and for the relief of *Consumptive Patients* in advanced stages of the disease, also for *all diseases* which originate from impurity of the blood, to wit: *Salt Rheum, Mercurial, Syphilitic or Venereal,* and *Eruptive, or Diseases of the Skin, as Blotches, Pimples or Pustules,* and all *Itching Eruptions; Chronic Inflammation of the Liver, White Swellings, Necrosis, or Fever Sores, Rickets, Fistula, and King's Evil;* in short, in every taint in the System or Blood, from whatever cause it may arise, or of however long standing, this medicine will be found far superior to any other remedy.

This Syrup rapidly imparts Purity and Vitality to the Blood, and action to the Liver, and thereby assists nature in throwing off disease.

Notwithstanding this Syrup is a powerful Curative, and invariably creates an appetite, gives tone and energy to the nervous system, and strengthens the whole body, yet it is mild in its action, and may be safely employed in the most delicate cases. It is agreeable to the taste and stomach, and in diseases of *Women and Children, One Bottle of Sloan's Life Syrup* will produce more real benefit than *ten times* the same quantity of any other preparation offered to the public. One table spoonful of this syrup is all that is necessary to be given at a time, whereas, nearly all other preparations are recommended to be taken in *large quantities,* which seldom benefit the patient, and frequently overloads the stomach and produces serious injury—consequently *Sloans Life Syrup,* is not only the *best* medicine of the kind in use, but it is decidedly the *cheapest.* For Man it has no equal, and is emphatically the *Poor Man's Friend,* and a *superior Family Medicine.*

By WM. GOODELL.

Published by Cady & Burgess, 60 John st., New-York.

THIS great work is strongly recommended by B. P. Aydelott, D. D., late President of Woodward College, Cincinnati; by Prof. Hudson, of Oberlin; by Hon. Amasa Walker, Secretary of State of Massachusetts, and by a great number of the first men of our country.

OPINIONS OF THE PRESS.

"We have read the book through very attentively, and can bear testimony to its great ability, and the soundness of its principles. * * * The essay is a very able one, and well adapted, as Cobbett used to say, for a *thinking* people, and no fair minded and intelligent reader can rise from a perusal of it without a higher appreciation of the Mosaic code, and of true democratic principles."—*N. Y. Tribune.*

"This work appears anonymously, but it discloses qualities of authorship, of which the writer need not be ashamed. * * * He strikes at the root of the business at once. He traces the democratic principle as it is mingled in all God's provisions for the Patriarchs and the Israelites in the clearest manner. His analysis of the tendency and character of the Mosaic Institutes is particularly able. He discovers a degree of wisdom and benevolence in those provisions but little understood. We have never seen the political bearings and scope of the Mosaic law so strikingly portrayed. The present volume respects only the doctrines of the Old Testament—we hope the author will be encouraged to go on with the searching and impartial examination."—*New York Evangelist.*

"The author has given some beautiful illustrations, drawn from Scripture, showing that it abounds with democratic sentiment. * * * *It is a work that should attract the attention of the thinking portion of society. The style is attractive, and the subject an interesting one.*"—*American Statesman.*

"This, 'Citizen of the United States,' deserves a hearing. He is a strong thinker, and an able writer—indeed he must be a man of great experience with the pen.—* * * Sweeping from Genesis onward, not a ray of light escapes him which can be construed into the dawning of those glorious popular institutions which we now enjoy. And he certainly finds a great deal to his purpose. * * * The truth is, the Mosaic code made advance towards democracy which stood alone, for centuries, and when we take the strong glasses of such a writer as this, our veneration of the Bible is placed on a very high footing."—*Boston Chronotype.*

"The subject of this volume is well handled, and justly pressed on the observation of the reader."—*Democratic Review.*

"We advise *all classes* to 'read, mark, and inwardly digest,' this volume."—*Ontario Messenger.*

"The field of discussion opened is broad and rich; it has been ably explored, and its treasures of precious truth are revealed with a master's hand."—*Oberlin Evangelist.*

"The conception of this work is original. * * * We commend it to the perusal and careful study of all classes."—*Ohio Star.*

"We have neither time nor space to give a general or extended notice of this invaluable production, but merely drop a hint, that our friends may not deprive themselves a single moment of a rich treat, but lay fast hold of it *now.*"—*Golden Rule.*

GREAT WORK ON CIVILIZATION.—This great work can be had at OTT'S Bookstore, 275 East Water street. It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:

"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader. It appears most appropriately at the present time, and will, no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matter of which it treats."—*Truth Teller.* april22
